Prospective bidders or offerors are encouraged to contact the Materials Management Office for information on subscriptions to SCBO.

Note 5: SUBMITTING CONFIDENTIAL INFORMATION: For every document Offeror submits in response to or with regard

to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged & confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected! If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, & documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, & (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "PROTECTED". By submitting a response, Offeror agrees to defend, indemnify & hold harmless the State of South Carolina, its officers & employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from the State withholding information that Offeror marked as "confidential" or "trade secret" or "PROTECTED".

STATE CONTRACT GASOLINE / DIESEL FUEL PRICES

Effective July 4, 2006 until further notice, State Contract Gasoline / Diesel Fuel Prices will be calculated on a daily basis. These daily prices can be accessed at www.state.sc.us/mmo/scbo/scbomenu.htm.

Explanation: The Materials Management Office has agreed to extensions for a maximum period of six months for the Unleaded Gasoline Transport & #2 Fuel Oil/Diesel Fuel Transport statewide term contracts. The effective date of these extensions is July 1, 2006. Effective July 4, 2006, the State will transition to daily fuel price calculations for the duration of these contracts.

Recent solicitations for fuel, which included contract structures that have been consistent & successful for several years, yielded much higher than anticipated pricing. MMO plans to use the time gained by the contract extensions referenced above to research, restructure, & resolicit these contracts. Upon completion of this process, the extended contracts will be terminated. We will provide as much lead time as possible to agencies in order to facilitate a smooth transition.
