NOTICES

INTENT TO SOLE SOURCE

Trident Trident Technical College is considering sole sourcing the procurement of a digital interactive fire extinguisher training system to be used to train TTC employees in how to properly use fire extinguishers in the event of a fire. The system being considered is Bullex Digital Safety Inc.'s "Intelligent Training System."

The system monitors the application of the fire extinguisher in putting out a fire by providing real-time feedback to indicate how effective the trainee's efforts are in using the fire extinguisher.

The system consists of, but is not limited to, reusable water-based practice fire extinguishers, sensor guards, the base unit, hand-held controller, computer interfaces, power pack, all cables & connections, portable air compressor, & the accessories needed to recharge the fire extinguishers on site.

The system is unique in that it is capable of varying the live flames based on where the trainee is aiming & sweeping the fire extinguisher & in that it provides a time-to-extinguish score for each trainee.

Trident Technical College seeks any vendors who can provide a system that meets or exceeds the referenced requirements.

Responses will be accepted until 5:00pm, EDT, on Wednesday, October 28, 2009.

Please submit all inquiries & responses to Bob Tyner, C.P.M., Trident Technical College, (843) 574-6279, Fax (843) 574-6395, procurement.questions@tridenttech.edu
