JASPER COUNTY STORMWATER MANAGEMENT PROGRAM

Jasper County is soliciting proposals for a Stormwater Management Program. County officials are committed to protecting the environment & the quality of water within its boundaries & at the larger watershed level outside of its boundaries. Jasper County continues to work towards this goal by implementing environmentally sound planning & development practices, regulations & ordinances. The Jasper County Stormwater Program is a three-component project:

1. Development of a Best Management Practices Manual – This manual will be developed to specifically address water quality & stormwater management in Jasper County.
2. Creation of a Public Information Program – This program will be developed to gain public input & to create a Stormwater Stakeholder Advisory Group.
3. Creation of a Stormwater Ordinance – This will give the County the statutory authority it will need to develop, implement & enforce a Stormwater Management Program.

INTENT TO SOLE SOURCE

The SC Office of Regulatory Staff (ORS) intends to sole source Motor Carrier Information Exchange (MCInfo). MCInfo is a national, internet-based service that lets state agencies receive & process standard motor carrier insurance filings on-line. ORS will use the on-line system as one tool to review, accept & reject insurance certificates for regulated motor carriers. MCInfo will generate reports on historic transactions & allow data searches of the USDOT & FHWA motor carrier databases. ORS will use MCInfo at no cost.
