### GRANT ADMINISTRATION AND ENVIRONMENTAL CONSULTING SERVICES

The City of Greenwood (City) owns the former Greenwood Mill #5 located at 700 Kitson Street in Greenwood, SC. This former textile mill closed in 2008 after being in operation since 1890. After the City acquired the property in 2011 and was awarded assessment funds in 2012, the property was fully assessed. Results from the environmental work revealed that contaminants were observed at concentrations above EPA Regional Screening Levels. This cleanup project will mitigate the risks of contaminated soil by capping most of the area with clean soil under the oversight of the South Carolina Department of Health and Environmental Control (SCDHEC). This work will be achieved through an Environmental Protection Agency (EPA) Brownfield Cleanup Grant awarded and effective 10/1/2015.

The City invites interested parties to submit a statement of qualification and experience to provide grant administration and environmental consulting services for the environmental cleanup of Greenwood Mill #5. The City is looking for firm(s) with documented experience in providing federal grant administration and environmental cleanup activities under an approved Voluntary Cleanup Contract.
